

PRODUCT SELECTION GUIDELINES: DAIRY & EGGS

All products in our dairy and egg section are carefully selected. Here are the requirement:

1. Organic
2. Local
3. Sustainable
4. Humane
5. With Out Refined Sugar (If Possible)

Our dairy manager is very selective on what is on the shelves. When possible, farms are visited to assure that all requirements are met. It also to see the environmental conditions the animals are in.
