

# PRODUCT SELECTION GUIDELINES: MERCANTILE

When purchasing mercantile items  
I keep a few very basic criteria in mind:

1. *Reusable Products!* Products that can be re-used time and time again for our end goal! Reduce Reuse Recycle!
2. *NO BPA's!* None of our plastics are will have harmful BPA's
3. Is it made using recyclable materials?

***ONE OR MORE GUIDELINES MUST BE MET TO BE
